

## **Academic Endocrinologists**

The Division of Endocrinology and Metabolism within the Department of Medicine at Queen's University invites applications for two Academic Endocrinologist positions.

The Division of Endocrinology and Metabolism provides clinical care to a large catchment area, with specialty clinics and an active subspecialty training program. Protected time for research may be available depending on the successful candidate. The Division practices a high level of collaboration in clinical functions and there are numerous possibilities for research-based partnerships in the area of obstetrics and gynecology, bariatric surgery, neurosurgery, and otolaryngology.

Applicants must demonstrate the ability to provide exemplary clinical service and expertise. In addition to clinical service, the successful applicant would be expected to teach at both the undergraduate and postgraduate levels, engage in independent or collaborative research, and contribute to the administrative functions of the University and Hospitals. It is expected that candidates will exhibit a strong potential for innovative and scholarly research, as well as provide evidence of a robust academic portfolio with demonstrable teaching experience. Candidates must also demonstrate strong leadership skills, excellent communication skills, and the ability to work in a collaborative environment.

Applicants must be eligible for licensure in Endocrinology and Metabolism by the College of Physicians and Surgeons of Ontario. Preference will be given to those who either hold or are eligible for certification in Endocrinology and Metabolism by the Royal College of Physicians and Surgeons of Canada.

Members of the Department of Medicine enjoy a competitive compensation package, including a generous benefits plan. Academic rank will be commensurate with experience.

Queen's University is recognized nationally for the quality of its undergraduate and graduate programs, which attracts outstanding students. Queen's University is an integral part of the vibrant Kingston community in the heart of the Thousand Islands region of southeastern Ontario. It has a community spirit and amenities unmatched by any other Canadian university. The University and the region offer an outstanding academic and community environment ([www.queensu.ca](http://www.queensu.ca)).

Prior to May 1, 2022, the University required all students, faculty, staff, and visitors (including contractors) to declare their COVID-19 vaccination status and provide proof that they were fully vaccinated or had an approved accommodation to engage in in-person University activities. These requirements were suspended May 1, 2022. However, they remain in effect for students, staff, and faculty in workplaces, including hospitals, where patient care is provided and/or where the work duties or educational requirements of the position involve or support patient care.

The University invites applications from all qualified individuals. Queen's is strongly committed to employment equity, diversity, and inclusion in the workplace and encourages applications from Black, racialized/visible minority and Indigenous people, women, persons with disabilities, and 2SLGBTQA+ persons. All qualified candidates are encouraged to apply; however, in accordance with Canadian immigration requirements, Canadian citizens and permanent residents of Canada will be given priority. Applications from all qualified candidates will be considered in the applicant pool. In order to support your employment at Queen's, we require you to indicate whether or not you will need a work permit.

Those interested in this position should submit a complete application package, including the following documents:

- a cover letter, summarizing expertise, qualifications, and accomplishments relevant to the position. The cover letter should also indicate whether or not you will require a work permit and/or require support with an extension of your work permit in the future;
- a Curriculum Vitae; and,
- the names and full contact information of three referees.

Complete applications are to be directed to:

**Dr. Christopher Smith, Professor and Head  
Department of Medicine, Queen's University  
c/o Joel Gillis, Etherington Hall, 94 Stuart Street  
Kingston, Ontario, K7L 3N6  
Email: [medicine@queensu.ca](mailto:medicine@queensu.ca)**

Review of applications will commence immediately and will continue until the position is filled.

The University will provide support in its recruitment processes to applicants with disabilities, including accommodation that takes into account an applicant's accessibility needs. If you require accommodation during the interview process, please contact Mr. Joel Gillis above.
