

Academic General Respiriologists

The Division of Respiriology and Sleep Medicine within the Department of Medicine at Queen's University invites applications for Academic General Respirologist positions. The Division has many exciting opportunities in light of several recent/upcoming retirements and senior members advancing to major hospital and university leadership roles.

Clinical responsibilities will include general respirology clinics, bronchoscopy, and respirology in-patient consultation service. Expertise in sleep medicine, interstitial lung disease, chronic obstructive pulmonary disease, or pulmonary hypertension will be considered an asset.

In addition to a major focus on providing exemplary clinical service, the successful applicant would be expected to teach at both the undergraduate and postgraduate levels, engage in collaborative research and contribute to the administrative functions of the University and Hospitals. It is expected candidates will exhibit a strong potential for innovative and scholarly research, as well as provide evidence of a strong academic portfolio with demonstrable teaching experience. Candidates must also demonstrate strong leadership skills, excellent communication skills, and the ability to work in a collaborative environment.

Candidates must be eligible for licensure in Respirology with the College of Physicians and Surgeons of Ontario. Preference will be given to those who either hold or are eligible for certification by the Royal College of Physicians and Surgeons of Canada in Respirology.

Members of the Department of Medicine enjoy a competitive compensation package, including a generous benefit plan. Academic rank will be commensurate with experience.

One of Canada's leading universities, Queen's has a reputation for academic excellence, research, and a diverse and vibrant learning environment. Kingston is situated in the heart of historic Southeastern Ontario on the shores of beautiful Lake Ontario, a midpoint between Montreal and Toronto.

The University invites applications from all qualified individuals. Queen's is strongly committed to employment equity, diversity, and inclusion in the workplace and encourages applications from Black, racialized/visible minority and Indigenous/Aboriginal people, women, persons with disabilities, and 2SLGBTQ+ persons. All qualified candidates are encouraged to apply; however, in accordance with Canadian immigration requirements, Canadian citizens and permanent residents of Canada will be given priority.

To comply with federal laws, the University is obliged to gather statistical information as to how many applicants for each job vacancy are Canadian citizens/permanent residents of Canada. Applicants need not identify their country of origin or citizenship; however, all applications must include one of the following statements: "I am a Canadian citizen/permanent resident of Canada"; OR, "I am not a Canadian citizen/permanent resident of Canada". Applications that do not include this information will be deemed incomplete.

Applications are to include a letter summarizing expertise, qualifications, and accomplishments relevant to the position together with a curriculum vitae, and the names and full contact information of three referees. Complete applications are to be directed to:

Dr. S.L. Archer, Professor and Head
Department of Medicine, Queen's University
c/o Joel Gillis, Etherington Hall, 94 Stuart Street
Kingston, Ontario K7L 3N6
Email: medicine@queensu.ca

Review of applications will commence immediately and will continue until the positions are filled.

The University will provide support in its recruitment processes to applicants with disabilities, including accommodation that takes into account an applicant's accessibility needs. If you require accommodation during the interview process, please contact Mr. Joel Gillis above.
