

## **LOCUM IN NEUROLOGY**

Kingston, Ontario

The Division of Neurology within the Department of Medicine at Queen's University is seeking interested candidates to provide temporary locum coverage, with a negotiable term, beginning as soon as possible. The Division of Neurology provides 24/7 coverage to an ambulatory and inpatient consultation service at the Kingston Health Sciences Centre, which includes a 449-bed tertiary care academic hospital at the Kingston General Hospital site and outpatient clinics in General Neurology and specialty clinics at Hotel Dieu Hospital site. Locums will provide clinical care through the activities of the Division of Neurology, which will include providing ambulatory care as well as inpatient on call services. Queen's University and its affiliated hospitals will expect the successful applicant to teach and supervise medical students and postgraduate physician trainees. A highly competitive remuneration is provided and candidates must be eligible for licensure in Neurology by the College of Physicians and Surgeons of Ontario for Independent Practise.

If interested please forward a copy of your CV and cover letter to: Mr. Joel Gillis
